

Amber warning Thunderstorm

Between
14:00 Fri 27 Jul 2018 and
21:00 Fri 27 Jul 2018

Heavy thunderstorms likely.

What to expect

- Flooding of homes and businesses is likely and could happen quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds
- Fast flowing or deep floodwater is likely, causing danger to life
- Where flooding or lightning strikes occur, delays and some cancellations to train and bus services are likely
- Spray and sudden flooding probably leading to difficult driving conditions and some road closures
- Power cuts likely to occur and other services to some homes and businesses could be lost
- Some communities may become cut off if roads flood

Further details

Thunderstorms are now tracking northwards over parts of East England. Where the thunderstorms occur torrential downpours are possible with as much as 30-40 mm of rainfall in 1 hour and 60 mm in 3 hours. Large hail, frequent lightning and strong, gusty winds will be additional hazards. However, many places will see much lower rainfall amounts.

This amber warning covers the period of highest risk into this evening. Further thunderstorms are possible until late evening, however, and this risk is addressed in the yellow warning already in force.

 Medium likelihood of medium impacts
